SAVANNAH • April 9

**THE BRIDE** Amelia Gaillard, 27, a communications and events freelancer

**THE GROOM** Neil Harber, 28, an operations analyst for Worthington Industries

**HOW THEY MET** At an Ohio State football game—Amelia was a student there and Neil was visiting family in the area.

**HOW LONG ENGAGED** 14 months

**THEIR WEDDING STYLE** With family in both Georgia and Ohio, a semi-destination wedding in Savannah was the perfect compromise. Vintage, shabby-chic details in shades of green and gray created a romantic style that blended with the historic locale. —JR

## the bridal party

Amelia's A-line lace dress with cap sleeves was set off by the clean lines of the cypress bridesmaid dresses. The men coordinated with gray suits and paisley ties.

## the cake

The couple kept the cake simple with white Swiss dots scattered across the buttercream icing and a few white ranunculus decorating the tiers.

## the details

Wooden "Mr." and "Mrs." signs hung from Amelia's and Neil's chairs with mossy green ribbon.

## the centerpieces

Amelia, her mother and her cousin collected eclectic pieces from antiques stores to create the vintage-style arrangements.
